

# Student Learning Assessment Report for Fall 2012

Welcome to the Student Learning Assessment Report survey. The purpose of this survey is to collect information about the state of student learning assessment in each and every one of IIT's degree programs. This survey will be conducted twice a year: once for the Fall semester and once for the Spring semester. You are being asked to complete the survey because your name was given to the IIT Assessment Committee as a faculty member responsible for the assessment of one or more degree programs in your department. You should have received one survey invitation for each degree program for which you are responsible. Please complete a separate survey for each program.

The survey asks about a number of assessment activities including documenting learning goals, creating a curriculum map, documenting your assessment process, and making changes to a program based on assessment results. The IIT Assessment Committee understands that student learning assessment is occurring at different levels in different programs, and is not occurring at all for some programs. Our mission is to help faculty initiate student learning assessment activities in those programs for which there is no assessment occurring, and improve the assessment of student learning in those programs that have existing processes. To do this, we need information about what you are currently doing to assess student learning.

Please note that your email address will be attached to your survey responses. To begin the survey, click on the "Next" button below.

**1. Does this program have documented learning goals, i.e., measurable expected outcomes of student learning? (For an example of program learning goals, see:<http://www.iit.edu/csl/cs/about/mission.shtml>)**

- Yes
- No

**2. Please enter the URL of the documented learning goals for this program, email the program learning goals to [Email Me](#) or enter a description below of your plans (including a timetable) for documenting the learning goals for this program.**

## Student Learning Assessment Report for Fall 2012

**3. Is there a curriculum map of the learning goals for this program? A curriculum map is a document that indicates the courses in the program curriculum in which students have the opportunity to achieve each of the program learning goals. (For an example of a curriculum map, see: )**

- Yes
- No

**4. Please enter the URL of the curriculum map for this program, email the curriculum map to [Email Me](#) or enter a description below of your plans (including a timetable) for creating a curriculum map for this program.**

**5. Does there exist a documented assessment process for this program? By this we mean a document that describes the schedule on which the program is assessed, and the measures and benchmarks used to conduct the assessment. (An example of a documented assessment process can be found at: : <http://www.iit.edu/~abet/cs/CS.pdf>)**

- Yes
- No

**6. Thinking back to the most recently completed academic term, about what percent of the assessment plan for that term has been completed?**

- 100%
- > 50%
- About half
- < 50%
- None

## Student Learning Assessment Report for Fall 2012

**7. Please enter the URL of the assessment plan for this program, email the assessment plan to [Email Me](#) or enter a description below of your plans (including a timetable) for creating an assessment plan for this program.**

**8. Have the results from the most recent assessment cycle been used to try to improve the program in the current term?**

- Yes
- No

**9. Which of the following best describes why the results from the most recent assessment cycle have not been used to improve the program:**

- We don't currently assess this program.
- Our analysis of the results indicated that the program is working well as it is currently designed.
- We have identified areas for improvement, but have not yet had the opportunity to make any changes to the program.
- We collected data but have not yet gotten around to analyzing it.

**10. Would you like a member of the Assessment Committee to contact you regarding questions you may have or help you may need with the assessment process for this program?**

- Yes
- No

**11. Please describe those changes:**

## **12. Would you be willing to share what you are doing to assess student learning with other IIT departments?**

- Yes
- No

Thank you for completing this report.
