

# Bethany Wareing

She/her

## Hometown

Madison, Wisconsin.

## Major

Bachelor of Science in Computer & Cybersecurity Engineering

## Why did you choose your major/What do you want to do with your degree?

I've always been fascinated with the intersection of software and hardware. I'm especially interested in exploring the applications of quantum computing for encryption and secure software development.

## What is your favorite thing about the Camras Scholars Program?

The shared sense of ambition among the Camras community. I find it inspiring to be surrounded by like-minded individuals who are passionate about their areas of study and motivated to be changemakers in their diverse fields.

## Where do you see yourself in 20 years?

I envision working at the forefront of technological advancements. I aim to be innovating to develop projects within the field of computer engineering.

## Achievements that speaks about you as an individual and representative of this Scholarship Organization.

I completed my Girl Scout Gold Award by leading a renovation project at a local non-profit that addressed community needs, demonstrating my dedication to creating a lasting impact through leadership and service. As the events coordinator for the Creative Club, I've taken on the role of fostering a sense of creativity through collaborative events, to cultivate a vibrant and diverse community across campus.
