

# Burhan Senih Kara

He/him

## Hometown

Solon, Ohio.

## Major

Bachelor of Science in Computer Engineering with a minor in Electrical & Computer Engineering

## Why did you choose your major/What do you want to do with your degree?

I chose ECE because I feel it is the perfect medium between electrical engineering and computer science. What I would ideally want to do is get into the tech industry as a embedded systems engineer or some form of systems engineering.

## What is your favorite thing about the Camras Scholoars Program?

My favorite thing about the Camras Scholars Program is the resources that it offers to motivated students.

## Where do you see yourself in 20 years?

In 20 years I see myself retired and living off of rental income in Istanbul.

## Achievements that speaks about you as an individual and representative of this Scholarship Organization.

I started an AWS IIT a pillar project that wants to bring STEM students together to help them work towards passing Amazon Web Services exams for certifications. Additionally, I spend my weekends leading Islamic Mentor programs through the Turkish American Society of Chicago.
