

Katia Blatnik

She/her

Hometown

Eastlake, Ohio.

Major

Bachelor of Science in Forensic Chemistry with a minor in Biology

Why did you choose your major/What do you want to do with your degree?

I have been fascinated by life sciences for my whole life, so being able to put my passion to work to help others is a dream of mine.

What is your favorite thing about the Camras Scholars Program?

My favorite thing about the Camras Scholars Program is the opportunity for community outreach along with the support to grow along with the other scholars.

Where do you see yourself in 20 years?

In 20 years I see myself with a job in the forensic chemistry sector while volunteering in a close-knit community.

Achievements that speaks about you as an individual and representative of this Scholarship Organization.

I believe that my participation and leadership roles in numerous clubs throughout my high school and college years speak to the upholding of the values held by the Camras Scholarship Organization. This includes my Vice Presidency in the National Honor Society and volunteer work at my local humane society.
