Nolan Wade Lawrence

He/him

Hometown
Louisville, Kentucky

Major
Bachelor of Science in Computer Engineering with a minor in Information Technology Management Operations

Why did you choose your major/What do you want to do with your degree?
I chose this route to have a mastery of every stage of computer development, usage, and upkeep. Knowing computer science theory, with practical skills in engineering, mixed with management in Information Technology makes my role in tech extremely diverse; ideally through virtual reality, my ultimate goal of helping the world improve technologically.

What is your favorite thing about the Camras Scholoars Program?
You know every person you meet in this group is a trustworthy, likeminded connection, and it's fun

Where do you see yourself in 20 years?
Doing what I love the most, improving the lives of others.

Achievements that speaks about you as an individual and representative of this Scholarship Organization.
Becoming an instructor for a tech company is a very rewarding experience. It helps me place myself in the knowledge I have, what I'm confident in, and what areas I could improve to learn more.
