

Paige McEnery

She/her

Hometown

Parker, Colorado

Major

Bachelor of Science in Civil Engineering and Business Administration with a specialization in Environmental Engineering

Why did you choose your major/What do you want to do with your degree?

I want to make environmentally sustainable designs and progress in environmental engineering industry. I enjoy the water resource aspect of civil engineering..

What is your favorite thing about the Camras Scholars Program?

Networking opportunities with the alumni and the informative sessions.

Where do you see yourself in 20 years?

Working in the civil engineering industry as a project manager and possibly starting my own company at some point in my career.

Achievements that speaks about you as an individual and representative of this Scholarship Organization.

In my highschool I was a student advocate for schoolwide issues, SAC board member and President in Student Advisory. Through Student Advisory I have 100 volunteer hours. I also was a part of Arapahoe Search and Rescue Patrol where I completed 400 hours of volunteer work. I qualified for state in DECA and FBLA, and won state in Manufacturing Prototype and Engineering Design in TSA. I was an officer for TSA for my chapter. I have an internship in civil engineering through Calibre Engineering and had a manufacturing internship through Mikron.
