

Devin Zakeri

He/him

Hometown
Skokie, Illinois

Major
Bachelor of Science in Social and Economic Developmental Policy

Why did you choose your major/What do you want to do with your degree?
I want to go to law school, and my degree will help me succeed there.

What is your favorite thing about the Camras Scholars Program?
The scholarship benefits.

Where do you see yourself in 20 years?
Hopefully, practicing law somewhere near Chicago.

How do you think you best represent what it means to be a Camras scholar?
In High School, I captained my soccer team throughout the COVID pandemic, which required me to use many methods of motivation to keep my teammates training and ready for the season. I also volunteered every winter with CEC Basketball, which was my school's special education basketball league, where I was a "peer-coach".
