

Camden Joko

She/her

Hometown

Santa Ana, California .

Major

Bachelor of Science in Civil Engineering.

Why did you choose your major/What do you want to do with your degree?

I chose to study Civil Engineering because I want to work on infrastructure. I believe that Civil Engineers are very important because they support our world and serve our communities.

What is your favorite thing about the Camras Scholars Program?

The support I am able to receive. I feel like we have a good alumni network and the current scholars are always here to support one another.

Where do you see yourself in 20 years?

In 20 years, I imagine myself being a Civil Engineer and having a happy family in Southern California.

Achievements that speaks about you as an individual and representative of this Scholarship Organization.

I enjoy participating in acts of service. For example, I love going to Drake Elementary School every week to help out my second grade class!
