

Charles Liebeno

He/him

Hometown

Elmhurst, Illinois.

Major

Bachelor of Science in Physics

Why did you choose your major/What do you want to do with your degree?

I had a great teacher in high school and have always been more interested in the why and how than the what.

What is your favorite thing about the Camras Scholars Program?

Something great about Camras is how there is an integrated support network. They provide assistance and help whenever you need it in academics.

Where do you see yourself in 20 years?

In 20 years, I hope to have found a job in research or the private sector helping the effort against the energy crisis.

Achievements that speaks about you as an individual and representative of this Scholarship Organization.

I think my experience as an eagle scout helped develop leadership skills, and gives constant opportunities for service projects.
