

Emerson Rice

She/her

Hometown

Chicago, Illinois.

Major

Bachelor of Architecture in Architecture

Why did you choose your major/What do you want to do with your degree?

chose architecture because it is the perfect mix of math and design. I love problem solving but I also have a deep appreciation for art and how the world influences people.

What is your favorite thing about the Camras Scholars Program?

I love the community it builds!.

Where do you see yourself in 20 years?

II hope to be starting my own architecture firm in New York City with the goal of creating environmentally conscious buildings. .

How do you think you best represent what it means to be a Camras scholar?

I've worked as a swim teacher at goldfish swim school for two years now; I teach kids as young as four months old to swim.
