

Itzel Ruiz Barrera

She/her

Hometown

Cincinnati, Ohio.

Major

Bachelor of Science in Applied Physics

Why did you choose your major/What do you want to do with your degree?

I had always liked physics. I also find circuits fun to build.

What is your favorite thing about the Camras Scholars Program?

All the opportunities and events that come with it.

Where do you see yourself in 20 years?

I see myself in a nice apartment in the city and doing research for some company or university.

How do you think you best represent what it means to be a Camras scholar?

Society of Hispanic Professional Engineers has helped me develop a lot of leadership skills.
