Emily Xu

She/her

Hometown

Chicago, Illinois

Major

Bachelor of Information Technology and Management

Why did you choose your major/What do you want to do with your degree?

I find great interest in the intersection between technology and its application in real world scenarios and environments, and how people and organizations interact with and utilize technology to fulfill personal and large-scale undertakings.

What is your favorite thing about the Camras Scholoars Program?

The supportive environment dedicated to carrying out meaningful projects gives me the confidence to pursue my professional interests in a way that also benefits my environment and community.

Where do you see yourself in 20 years?

I see myself in a position where I can pursue my interests and passions in an exciting, collaborative, and creative work environment where I can work with fellow peers to implement technological solutions in a way that beautifies, simplifies, and expedites the experiences of users.

Achievements that speaks about you as an individual and representative of this Scholarship Organization.

Contributed to and participated in leadership of comic anthologies made for and by teens. Worked with many other young artists to create a community art installation.
