

# James Frampton

He/him

## Hometown

Wellesley, Massachusetts

## Major

Bachelor of Science in Physics

## Why did you choose your major/What do you want to do with your degree?

The topic of physics has interested me for a while, especially that of quantum physics. I also enjoy coding, and it would be my dream to help develop and make available quantum computers.

## What is your favorite thing about the Camras Scholars Program?

The program is a great way to meet like-minded, academically driven leaders here at IIT

## Where do you see yourself in 20 years?

Hopefully working to develop quantum computers/conducting cutting edge physics research.

## Achievements that speaks about you as an individual and representative of this Scholarship Organization.

Back home, I would often work with my family in a food kitchen in Boston called Community Servings. I was also the captain of my high school swim and volleyball teams.
