Bachelor of Science in Psychology

Why did you choose your major/What do you want to do with your degree?

I want to be a psychiatric nurse practitioner

What is your favorite thing about the Camras Scholars Program?

The support .

Where do you see yourself in 20 years?

In 20 years i see myself with my dream job while enjoying the last few years of my 30's somewhere on an island

Achievements that speaks about you as an individual and representative of this Scholarship Organization.

Throughout high school, I participated in many clubs and sports. My sophomore year, I was given the opportunity to be president of the Black Student Union and both the track and country teams. I was also a TA in the Health Science Department at my high school. An action that I believe describes me is in my senior year when I participated in the Senior Buddy Program. I was able to make a lasting, supportive, and meaningful impact towards the freshman class, and seeing them bloom into more confident high school students felt like the best accomplishment.
